

# Workprofile 2010/2011

ICYE SOUTH KOREA

## Dear exchangee

Welcome to South Korea – we are looking forward to meet you soon!

On the following pages you will see a brief introduction of some projects which will be most probably offered in the exchange year 2007–2008. Please read it carefully and fill in the priority list at the final page.

Moreover there are some points you shall be aware of:

- All candidates coming to South Korea and participating in the volunteer program should inform us in their Priority List(attached to our National Profile) in which projects they would like to work and why they would like to work in the chosen projects.
- We ask you to choose your project carefully because it's going to be your project for the whole year. Due to work permit law, a change of project is not possible.
- Please note that also work of a volunteer can also include cleaning(for men and women of course!). former exchangees got quite upset when they had to clean, but in our country, cleaning can even be the duty of a boss. So please be prepared!!!
- As we have some projects in which the exchangees are working and living at the same places. Therefore, you (especially older exchangee) shall be prepared that you maybe live in the project.
- Please be aware of that you are like a member of staff at your project, not just like a “visitor”. You have your own responsibility and can only take time off when the projects agrees you to do so. This can sometimes be very difficult as it limits the amount of freedom you have.
- In most projects at least a knowledge of the language(English or Korean)is very important. The exchangee has tolerant the language as quick possible. As more you improve the language as more responsibility and variety in your daily work you get. It is an advantage to start learning the language already in the home country and we highly recommend it!
- Generally, the exchangee has a 100%-job. This means that you will work 30-40hours during 4-5 days per week.
- In some projects the exchangees have to work sometimes during weekends.

Finally, please kindly send back your preference list before April 30. Please feel free to contact us if you have any further questions.
