

ICYE Kenya Work Profile

2024 - 2025

M-PESA

The ICYE Kenya office is excited to welcome you to an experience of a lifetime, right here in Kenya.

This National Profile has been prepared to give you a brief introduction about life in Kenya and what you can expect. It shall answer basic questions about living in Kenya, and what you can expect to experience during your stay here.

The first step in understanding the Kenyan way of life is by reading this National Profile. Additionally, we encourage you to come with an open mind and positive attitude.

We look forward to meeting you and we hope you are ready to experience a culturally enriching Kenya.

Yours faithfully,
Kerubo Nyaribo
Programme Director, ICYE KENYA

Description of the host project (aims of the project, regular activities, size, target group, e.g. number of children, geographical location, etc.):

AfCiC works with vulnerable communities' men and women including street children and out of school youth.

The organization provides:

- Rescue, rehabilitation, re-socialization, reintegration of street children.
- An in school project that promotes access to education, performance improvement and completion of basic education course for children from poor slum communities.
- Access to justice and legal aid to families in distress.
- Community empowerment programmes including promotion of agriculture as a tool for mitigating malnutrition, hunger and addressing poverty, employmenty skills for out of school youth.
- Nutritional programme for supporting five hundred pupils in local primary schools

Geographical Coverage- AfCiC is a national NGO with its headquarters in Thika tow, north of Nairobi

Main fields of work of the host project

- Education
- Agriculture / Food Security
- Children and Youth
- Women
- Homeless People (Street Children)
- Health
- Human Rights / Peace / Democracy
- Environmental Protection

Please describe briefly the local community of the project:

AfCiC works at the heart of the community, with the rural and urban poor. Thika is an industrial town and therefore home to people from different parts of Eastern Africa. The economy is driven by agriculture with Del Monte being the biggest employer.

Please describe the role of each volunteer as well as the planned tasks for the volunteer (work schedule):

We define the role of the volunteer based on their qualifications. However, we look forward to hosting volunteers who have interest in education, law, environment, social work and agriculture.

Kindly characterize the profile of the expected volunteer (e.g. specific language skills, gender, age):

No gender preference.

Description of the host project (aims of the project, regular activities, size, target group, e.g. number of children, geographical location, etc.):

Jukumu Letu CBO was established in the year 2007 and operates in Kajiado County and also has a sister organization in western Kenya, Vihiga county. The goal of the organization is to empower communities to embrace their capabilities and work together to build a vibrant and progressive society. The activities of the organization include, an early childhood development centre for vulnerable preschool children from the Mathare informal settlement and Musitinyi Village .Vihiga county, Social entrepreneurship activity for sustainability of the organization and economic development of the local communities, advocacy on child protection and children's rights, Psychosocial support, Environmental conservation in partnership with 5 local primary schools and holiday mentorship programme for young boys and girls during the school holidays.

It aims at protecting children, mostly orphans, and empowering women.

Objectives:-

- To increase accessibility to a holistic high quality early childhood development program for vulnerable children.
- To enhance child protection and advocacy within the community.
- To protect and conserve the environment.
- To enhance psycho-social well being for individuals, family and the community at large.
- To promote social entrepreneurship for the sustainability of the organization's social initiatives and economic development of local communities.
- To foster personal growth in a highly supportive environment where young boys and girls are engaged in various development activities during the school holidays.

Main fields of work of the host project

- Childcare
- Community
- Environment

Local community of the project

It is a rural-urban area situated in Ngong on the outskirts of Nairobi. Characterized by hilly and sloppy terrain, with a cold climate and heavy rains most times of the year. The project is set up next to the Mathare slums.

Please describe the role of each volunteer as well as the planned tasks for the volunteer (work schedule):

- Home visits/ Follow-up
- Data entry
- Setting up creative activities for the children.
- Organizing sports activities for the older children
- Teaching in the school
- Organizing tournaments for sports children
- Counselling and giving hope to people living with HIV/AIDS.
- Spiritual guidance.
- Monitoring child development and growth
- Facilitation in seminars and workshops for the women and siblings of our children.
- Cultural exchange

Kindly characterize the profile of the expected volunteer (e.g. specific language skills, gender, age):

- Ability to work with children and mothers
- Should be able to communicate in English
- Willing to learn

Description of the host project (aims of the project, regular activities, size, target group, e.g. number of children, geographical location, etc.):

This is a new charitable project working with the children and young adults affected with disability, both physically and mentally; some are severe others mild. It offers education, therapy, vocational training, feeding, and general rehabilitation services and empowering the disabled to be self-reliant.

Main fields of work of the host project

Children with disabilities

1. Regular activities:

- Teaching
- Therapy
- Feeding
- Practical activities/vocational
- Changing
- Games esp. weekends with neighboring schools for social interaction
- Farming
- Guiding and counseling esp. HIV/AIDS clients

2. Target groups

- Children with disabilities
- Youth
- Young women

Local community of the project

The population of Kithyoko is dominantly Kamba people with low population of other ethnic communities who run businesses within the market place. It is generally very peaceful. The community is always welcoming and friendly and above all Kamba people are happy. The climate is usually very dry and hot like other semi-arid areas. The people are mostly peasant farmers.

Please describe the role of each volunteer as well as the planned tasks for the volunteer (work schedule):

- General Cleaning
- Assist in physical Therapy for the children
- Assist in farming
- Extra-Curricular activities

Kindly characterize the profile of the expected volunteer (e.g. specific language skills, gender, age):

- Be able to communicate in English
- Well behaved a person who respects Himself/herself and others
- A person who is ready to learn
- Either of the two male or two female
- Adult
